UPDATE & CONTINUING EDUCATION FOR COACHES

The new **RPT ACCELERATED Club Program** is specifically designed for all professionals working in sports clubs, educational centers, tennis schools or academies with or without a certification degree, who wish to update their knowledge in tennis education.

The new **RPT ACCELERATED Club Program** has a duration of 1 day (approximately 10 hours), in an intense day with the following structure:

- Player building is carried out on 4 pillars: **Te/technical, Ta/tactical, Fi/physical and Me/mental**, which have been integrated and interconnected so that from the age of 3 we build the building adapting to the needs of each player developing on court sessions based on 4 concepts: **"I teach you, I help you, we do it and we play"**, where the 4 pillars are incorporated, working with:
 - Beginner players, with the aim of introducing boys and girls (from 3 to 6 years old), young people (from 7 to 15 years old) and adults (+ 16 years old), in a simple, easy and very fun way.
 - Advanced tennis players to develop their slice & topspin shots in a simple, easy and 100% practical way.
- Edification of a tennis coach and the development of his professional career, also based on the 4 pillars: Te: the tools I have to give my lessons, Ta: organization and planning of work sessions, Fi: the energy that I have to invest in my day to day, and Me: channeling that energy to achieve quality, intensity and focus in my work.
